

Yancie Troy H. Saludo

UI/UX Designer | Web Developer

Results-driven UI/UX Designer dedicated to crafting engaging designs that elevate user satisfaction. Proficient in frontend development, utilizing a strong skill set to bring designs to life. Committed to delivering intuitive and visually appealing user experiences.

EXPERIENCE

UI/UX Design Intern GoCommerce, Pasig

January 2023 - April 2023

- Designed user-friendly e-commerce websites, resulting in a 20% increase in website traffic and a 15% increase in sales conversion rate.
- Utilized Figma to create efficient and scalable design systems, optimizing the design process.
- Demonstrated expertise in user-centered design, visual design, and interaction design principles and methodologies.

Web Developer Capstone Project Jose Rizal University

June 2022 - November 2022

- Designed and developed a student organizations portal for Jose Rizal University, enhancing user experience and streamlining administrative processes.
- Leveraged PHP, JavaScript and MySQL to enhance website functionality and strengthen security measures, enabling seamless data retrieval and storage.
- Applied UI/UX design principles to create visually engaging and user-friendly website interfaces, using Figma.
